Subject: Residential Camp 2017

Q1: Who was responsible for managing and tapering the drugs of the patients?

Ans: There was a doctor Dr Pawan Wadhawan who was managing and tapering the drugs for patients.

Q2: What was the role and responsibility of Dr Biswaroop Ray Chaudhury?

Ans: Dr Biswaroop Ray Chaudhury was motivating the patients to follow right type of diet and life style. He was blessing upon to give up the packaged foods, eating natural things and follow healthy life style.

Q3: Was there any facility to handle medical emergencies?

Ans: Yes there was a separate emergency room having oxygen and other drug required in case of any emergency. There were paramedic staff and nurses in the emergency room.

Q4: What do you think about the qualification of Dr Biswaroop Ray Chaudhury?

Ans: When I came to know about the Residential Camp, I searched about the Dr Biswaroop Ray Chaudhury. I find that he has reversed the diabete of many patients through his Plate Based diet. He is author of many Books on life style Disorde.

Q5: Did this camp help you in any way. If yes please mention.

Ans: Yes the camp did help me a lot. After the Camp my medicines for diabetes has been reduced drastically. As per guidance of Dr Biswaroop Ray Chaudhury I am taking fresh
